

WELCOMING 2026

2025 has been a fantastic year! God through His Spirit, has spoken to all of us in a mighty way at a micro and macro level: as individuals and collectively as MAGH.

Today, I am excited to be a vessel that the Spirit will use to recap what the Spirit has already spoken through other men. I am deeply thankful for these men and the MAGH fellowship collectively.

Today is all about the collective fellowship and I will avoid mentioning individual names as much as possible. Thank you, men, for your obedience.

2025 AND THE WORD (Grabbing the horns in thanksgiving).

In Scripture, the horns of the bronze altar were sprinkled with the blood of the sin offering—a sacred place where God's justice and His mercy met.

To "grab hold of the horns of the altar" was to cling to God in desperate need, to appeal to His mercy, to take refuge in His atonement.

In the natural, when danger comes, by instincts, a man shields himself—hands pulled close, protecting the vulnerable parts.

You see it in soccer, men covering themselves during a penalty kick. That's human reflex—self-preservation.

But worship is the opposite reflex.

Lifting our hands, stretching ourselves toward God, placing our weakness in the open—that is surrender.

It is a posture of deep travail, of saying, "*Lord, I have no covering but You.*"

2025 became a 'grabbing the horns' kind of year.

A year where many stood vulnerable before God and before one another. We have grabbed the horns when we felt like we were drifting to do, to say, to watch and even to have intent for unwholesome things. In grabbing the horns, God has revealed Christ as the true Horn of our salvation (Luke 1:69)—the One in whom justice and mercy meet perfectly.

As we finish 2025, let's take time to thank God for His faithfulness and giving us Christ, the horn of our salvation. He is our true refuge and in Him we find pardon.

2026 AND THE VISION

As mentioned earlier, today is all about the collective fellowship and what God is doing in the body. Having said that, I would like to share regarding a vision that the Holy Spirit revealed while the brethren were caught up in the Spirit during prayer. I will not mention the individual as this vision is for the fellowship and not an individual. As we/MAGH prayed, the Spirit brought the year 2026 before us and instructed us to **receive the year with thanksgiving**.

As thanksgiving rose, the year approached—shaped like a spear.

As it drew near, the tip of the spear opened, splitting into two yet still joined at the base, forming a hollow centre.

Then a voice, like a midwife announcing the birth of a newborn declared:

"It's a womb." And that's how 2026 was revealed in the spirit.

The Spirit will venture deep, deliver the seed, brood, protect and birth in days to come.

REVELATION

1. As spear is a tool of precision, weapon of offence and penetration, embodies advancement; 2026 will be marked by decisive action, focused assignment, and targeted movements.

2. The spear tip splitting into two (two expressions of the Spirit, two assignments, but one Source). There is a division that multiplies, not weakens.
3. The spear was originally a weapon, but the split transforms it into something - a hollow middle, a womb.
4. We have been in the place of travail (spear-like intercession). We are moving in 2026 to a season of divine conception and formation of the sons of God that is about to be revealed.
5. We are being shifted from being the Spear to becoming the Vessel.
6. Our role will be changing:
 - From warrior to carrier
 - From attacker to builder
 - From piercing to birthing.
7. An apostolic grace will fall upon men: militant and maternal.
8. While the tip of the spear ends something, the womb starts something.
