

## THE RECOIL

### **Spiritual things belong to the Spirit.**

And those who are yielded to and led by the Spirit are, in essence, operating as spirits—even while housed in bodies.

We present our bodies as **living sacrifices** (Romans 12:1): altars, jars of clay, vessels hosting the Spirit of God. And the Spirit of God—who is all-knowing—**prays, declares, and prophesies** in alignment with the blueprints of heaven: the very mind of God.

There is a physical law that states that “*For every action, there is an equal and opposite reaction.*” This physical law is a revelation of the unseen world. The good news is that we operate from a position of victory but the recoil is a counterfeit.

So, as we ascend, let's be aware of recoils and not be discouraged. We can pray against recoils and this is encouraged. However, some recoils are by design. They amplify the grace of God.

Paul had his share of this recoil and he called it “**a thorn in the flesh.**”

I would like to encourage men who have encountered recoils in 2025. Please, count it all joy and thank God for His grace that carried you through.

2025 has been a fantastic year and God has promised new seasons, new levels as we ascend in 2026. As we ascend, we pass through levels, zones, dominions, principalities. We breach the enemy's firewalls, air defences and enforce gates lifted.

The enemy might bring arguments opposing the command of God, but we do not get distracted. We rebuke and hold those arguments captive and declare the supremacy of God in their place.
